

NEDC FEE SCHEDULE

The two most variable costs with associated with the frozen embryo transfer with donor embryos are the home study cost and the cost of the medications. Home study costs vary from state to state and from agency to agency, and medication prices can vary depending on which pharmacy you choose. There may also be additional costs that vary with each group of donated embryos due to the cost of shipping these embryos to the NEDC and other fees incurred.

To: National Embryo Donation Center:

¹ Application Fee	<i>Paid with initial application</i>	\$400.00
	<i>(International Application Fee, \$500.00)</i>	
¹ Program Fee	<i>Due at initial consult</i>	\$2,100.00
	<i>(Sibling Program Fee, \$1050.00)</i>	
TOTAL		\$2,500.00

To: Dr. Jeffrey A. Keenan:

Initial Consult Fee	\$225.00	
Trial Transfer Fee	\$105.00	
Sonohystogram	\$225.00	
TOTAL <i>Due at time of service</i>		\$555.00

To: Dr. Jeffrey A. Keenan: (per transfer attempt)

Cycle Preparation/Monitoring Fee	\$650.00	
Embryo Transfer	\$2,545.00	
Assisted Hatching (<i>determined by stage of development</i>)	\$565.00	
TOTAL <i>Due two weeks before transfer</i>		\$3,760.00

ADDITIONAL CHARGES:

¹ NEDC, possible donor fees:	<i>Due at transfer</i>	
STD Rescreening Fees, per donor		(\$150 - \$500)
Embryo Shipping Fees, per donor		(\$450 - \$750)

Other Medical Fees

- Medication
- Lab tests
- Ultrasounds not performed at Dr. Keenan's office

ALL FEES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

OUTSIDE VENDOR FEES

² Home Study, by Bethany Christian Services, Nightlight Christian Adoptions, Small World Adoption Agency or other licensed placement agency	(fees vary)
<u>Mandatory</u> review of Home Study, by the National Fertility Support Center (NFSC)	\$350.00
³ Open Agreement Facilitation Fee, by the NFSC, a licensed placement agency, or an attorney	(fees vary)
Counseling (optional), by the NFSC	\$500.00

Notes

¹ Fees paid to the NEDC are administrative in nature, not medical. Therefore, they are not covered by insurance or eligible expenses for Flexible Spending Accounts or Health Care Spending Accounts.

² A home study for embryo adoption and traditional adoption is more versatile than a home study for embryo adoption only, but may cost significantly more. If you are only considering embryo adoption, a home study for embryo adoption only may offer significant cost savings.

³ The National Fertility Support Center Fee Schedule is located at the end of this packet and at our website, www.embryodonation.org. Contact Deb Peters at 616-455-1499 (office), 616-204-4052 (cell), or dpeters@fertilitysupportcenter.org to discuss NFSC fees.
